[Mercersburg Theology Study Series](#)

The Mercersburg Theology Study Series is an attempt to make available for the first time, in attractive, readable, and scholarly modern editions, the key writings of the 19th-century movement known as the Mercersburg Theology. We believe this will be an important contribution to the scholarly community and to the broader reading public, who can at last be properly introduced to this unique blend of American and European, Reformed and catholic theology.
