

Getting to Know the North Penn Association

Our North Penn Association is currently made up of 20 congregations in Bucks and Montgomery counties, several of which border the New Jersey state line and Mountain Valley Association. We are a mix of small churches, churches sharing clergy and several large and growing churches.

One of our greatest strengths is our strong Ministerium that meets monthly (Sept-June) in a hybrid format. We have healthy attendance, meaningful sharing and make excellent use of educational opportunities and fellowship.

Seven of our congregations are Open and Affirming with at least 2 more entering into the process of educating their congregations and exploring the extent of their extravagant welcome.

Our Pennridge and Upper Bucks congregations often collaborate on ministries benefiting their communities through Lenten series, joint VBS or Confirmation programs, mission projects, and music and fellowship events. The Easter Community Sunrise Service at Lake Nockamixon typically shares communion with 200-300 attendees each year.
